TOWNSHIP 4 NORTH, RANGE 3 WEST, OF THE WILLAMETTE MERIDIAN, OREGON.
DEPENDENT RESURVEY AND SUBDIVISION

This plat represents a retracement and reestablishment of a portion of the west boundary and subdivisional lines, designed to restore the corners in their true original locations according to the best available evidence. The lottings and areas are as shown on the plat approved November 6, 1872.

The west boundary and subdivisional lines were surveyed by William E. Smith, in 1872.

These surveys were executed by Lynn M. Roseberry, August 22 to September 30, 1963, under Special Instructions dated July 19, 1963, which provide for the surveys included under Group No. 519, Oregon.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Washington, D. C. April 22, 1965

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.

For the Director

E. J. Huntington
Chief, Division of Engineering
